## NV Engines - Fly The Legend!

***NV Engines***

**Category: Airplane engines**

**Quality is never an accident. It is always the result of high intention, sincere effort, intelligent direction and skillful execution. It represents the wise choice of many alternatives.**

**NV AMD 061 CL**

**\$75.99**

AMD 061- Pre-Revelite Race Engine. An all-out high rpm 1/2A motor, the AMD .061 CL turns over 23,000 rpm and is best used with a crank case pressure tap (part #101005). [\[Product Details...\]](#)

**NV Big Mig 061 CL**

**\$89.99**

The perfect blend of power, fuel economy, and light weight, the BigMig .061 CL is perfect for control line sport, combat, free flight, or to power your sailplane up to catch a few thermals. Needle valve is angled 18 degrees for safety. [\[Product Details...\]](#)

**NV Big Mig 061 R/C**  
**\$94.99**

The number one 1/2A engine sold. If you thought 1/2A motors were finicky and underpowered, you haven't owned an NV Big Mig 061. [\[Product Details...\]](#)

**NV Big Mig 0.074 CL**  
**\$94.99**

CL version of "The finest small engine ever produced" [\[Product Details...\]](#)

**NV Big Mig 074 R/C**  
**\$99.99**

Often referred to as "The finest small engine ever produced," the Big Mig .074 offers rock solid idle, smooth transition, quiet, fuel efficient operation, and the power of a .10 at half the weight. [\[Product Details...\]](#)

**NV Big Mig Helihead 0.061 RC**  
**\$99.99**

The Helihead idea came from our helicopter design where cooling the engine is crucial. This engine is ideal for a hot weather/climate application to prevent the loss of power due to overheating. [\[Product Details...\]](#)

**NV Big Mig 0.15 CL - out of stock**  
**\$109.99**

The NV Big Mig 15 excels as both a user friendly sport engine and the perfect SSC Combat power plant. It features a superb power to weight ratio, weighing about the same as an ABC 10 size engine, with power rivaling some sport 25 motors and does so on 25 [\[Product Details...\]](#)

**NV Big Mig 40 CL**  
**\$114.99**

The sport airplane engine features bush bearings, Schnuerle porting, Revlite cylinder technology. [\[Product Details...\]](#)

**NV Big Mig 40 RC**  
**\$124.99**

The sport airplane engine features bush bearings, Schnuerle porting, Revlite cylinder technology. [\[Product Details...\]](#)

**NV AX-40BB CL Revlite**  
**\$124.99**

One of the most fuel efficient .40 engines ever produced. It was made to be a serious competitive engine where lightweight matters. [\[Product Details...\]](#)

**NV Big Mig .15 R/C**  
**\$124.99**

The NV Big Mig 15 excels as both a user friendly sport engine and the perfect SSC Combat power plant. It features a superb power to weight ratio, weighing about the same as an ABC 10 size engine, with power rivaling some sport 25 motors and does so on 25 [\[Product Details...\]](#)

**AX 40 BB RC Revlite**  
**\$139.99**

Legendary NV performance, durability, Revlite technology, and light weight in a 40 size engine. At only 10.89oz, no other ball bearing engine can match its power-to-weight ratio. [\[Product Details...\]](#)

**AME 15 BB RC**  
**\$144.99**

The AME 15 BB is a two-stroke, air-cooled, high performance engine for free flight and control line model airplanes. [\[Product Details...\]](#)

**AME 25 BB RC**  
**\$154.99**

[\[Product Details...\]](#)

**NV GX-40 RC BB Revlite**  
**\$159.99**

Experience the future of model aviation with the revolutionary GX-40 gasoline engine. Built on NV's™ legacy of proven performance and durability, this engine combines the light weight, high RPM and power of a nitro counterpart with the low cost of fuel, [\[Product Details...\]](#)
